

ANNEX A - STUDENT PROJECT SPONSORSHIP ACKNOWLEDGEMENT

FOR COMPANIES (the “acknowledgement”)

As per the *Policy On Intellectual Property (VPRGS-9)*

Last updated: January 16, 2015

This project does not have an external company sponsor. Therefore, the conditions in Annex A - Student Project Sponsorship Acknowledgement for Companies, under the Concordia University Policy on Intellectual Property ([VPRGS-9](#)), do not apply.

The project is a student-led academic project, supervised by the course instructor. No external organization is providing direction, ownership claims, funding or sponsorship.

All intellectual property developed in this project will be treated as Student Intellectual Property, as defined in VPRGS-9.

This acknowledgement is made on behalf of the full project team. The project has no external company sponsor, and therefore, the Annex A Company Sponsorship provisions do not apply. All team members understand that all work produced in this project is considered Student Intellectual Property under Concordia University Policy VPRGS-9, and that no external organization holds rights, ownership, or control over the project or its outputs.

ANNEX A - STUDENT PROJECT SPONSORSHIP ACKNOWLEDGEMENT FOR COMPANIES

SCHEDULE A

As per Annex A of the *Policy on Intellectual Property* ([VPRGS-9](#))

PROJECT SPECIFICATION

Project Title: SWAPSTREET

Course Number: SOEN 490

Project Description:

SwapStreet is a web and mobile marketplace for refurbished and second-hand clothing, designed to make fashion more affordable, accessible and sustainable. The platform allows sellers to easily list items and buyers to discover clothing through easy-to-use filters, personalized collections and trending styles. Beyond simple buying and selling, it envisions advanced features such as AI-powered virtual try-ons, outfit suggestions, secure in-app payments and social interactions to create a more engaging and trustworthy experience. By combining convenience, personalization and eco-conscious values, the platform not only promotes sustainable fashion but also offers a scalable business model through transaction fees, premium subscriptions and partnerships with thrift stores and brands.

University Project Supervisor: Peter Rigby
